Dear Tom:

Thought I'd take a minute to say thanks to you and your staff for all you have done for Comerica Bank. By "all" I mean the things you have done above and beyond what we would expect from an auto auction. Your extra effort (too numerous to mention) makes my job a lot easier and helps me sleep nights knowing that we have someone like yourself, and David and your superb staff keeping our Bank's interest in focus.

Keep up the good work and we'll unfortunately keep the units coming.

Sincerely,

Neil F. Endres
