Plainview, New York 11803

Dear Mr. Maltz:

I would like to take the opportunity to express how pleased we were with the results of the public auction sale you recently conducted for the Town of Huntington.

The professionalism and courtesy that you and your staff maintained throughout the set up and execution of this auction was exceptional. The efforts put into insuring that all details were handled and that any situation which had arisen was quickly dealt with was a comfort to us. The turnout was tremendous, and needless to say, the bids received at the auction far exceeded our expectations. We were anticipating sale proceeds based upon our appraisals and in fact you were able to obtain as a direct result of your efforts a full third more revenue than expected.

We certainly look forward to working with you in the future, and it would be with great pride that we would recommend your organization to anyone in need of your services.

Respectfully,

Richard G. Popkin
Inventory Control Supervisor
Contract Administrator
